

LICKING VALLEY COURIER.

VOLUME 3, NO. 42

WEST LIBERTY, MORGAN COUNTY, KENTUCKY, THURSDAY, MARCH 27, 1913.

WHOLE NUMBER 146

WONDERS OF THE WORLD

Will Be Shown at America's Great Celebration at San Francisco in 1915.

The Magnificence and Grandeur of the Panama-Pacific International Exposition Cannot Be Adequately Described—A Gathering of the Nations of the World.

The splendors of the world will be shown at America's Panama celebration at San Francisco in 1915. Never will so many nations have participated in an international event. Of the nations that take part, and this includes all the great powers, it is probable that each one will be more elaborately represented than at any exposition ever held outside of its own boundaries. Twenty-eight foreign countries have already responded to President Taft's invitation. More than eight hundred leading exhibitors of the world have applied for exhibits space and a number of the exhibits will range in value from \$200,000 to \$300,000; more than two thousand applications for concessions have been received. The responses show the spirit of appreciation with which America's sister nations regard the work at Panama.

Display by Foreign Powers.
The foreign powers will display all phases of their progress at home and in their colonies. Mr. Harcourt, colonial secretary of Great Britain, has addressed the governors of the self-governing dominions, crown colonies and protectorates requesting them to consider the question of participation with the remark that the British display should be worthy of the British empire. Japan will expend \$1,000,000 upon its pavilion which, upon the conclusion of the exposition, will remain as the gift of Japan to America. The pavilion and grounds, occupying five acres, will be located upon the United States Presidio military reservation immediately adjoining the exposition site. Marquis de la Vega Inclan of Spain, who visited San Francisco, will arrange for a wonderful art exhibit to include the original paintings of the great Spanish masters and many historical trophies, tapestries, and rare pieces of sculpture.

Holland will be represented upon a scale never equaled outside the Netherlands. France cabled San Francisco requesting twelve acres as the location of a superb exhibit palace to be built by France. China, newest of the world republics, is planning to show both the China of the past and that of the future. China and Japan, and indeed all far eastern lands within the sweep of the Pacific, are planning to take part in a wonderful series of Oriental parades and pageants, during a ten days' festival in the fall of 1915. There will be assembled in these parades perhaps the greatest gathering of strange tribes and peoples of Oriental lands ever gathered in the Occident.

The World's Battleships.
When the exposition opens—February 20, 1915—the nations of the world will, in actuality, officially come to San Francisco, for the battleships of the world will be assembled off Harbor View, the exposition site, at that time. That a battleship is virtually the territory of the country it represents is a fact widely recognized in the procedure of international law, and so the nations of the world will, as it were, gather at the western gate of America. More than two hundred foreign battleships will, it is known from unofficial advice, participate in a series of spectacular maneuvers in San Francisco harbor in 1915.

Construction upon the exposition has long since begun. The service building, which will be the exposition headquarters, is completed. Machinery hall, the largest of the exhibit palaces, will be the first of the great buildings to be completed. This structure will be 967 feet long and 370 feet in width; three great naves 122 feet high will run throughout its length from north to south. Contracts upon all the main exhibit palaces, of which there are fourteen, are being let at regular intervals and the highest point of construction will be reached next fall. All the main exhibit palaces will be completed by June 25, 1914, more than nine months before the exposition opens. All contracts are being let upon that basis. The early completion of the buildings will permit the setting out and planting in the grounds and courts of several hundred thousands of rare trees, plants and shrubs now being grown in nurseries.

Early next fall the sightseer in San Francisco will be enabled to look from the rim of the encircling hills at Harbor View down upon the exposition city and see the buildings in progress of construction. To the west he may look out to the Golden Gate and to the islands in the Pacific beyond. To the north he will see the stream of traffic that passes before the exposition site.

Easy of Access.
One may easily reach the exposition in twenty minutes from the Ferry building. The site of the exposition, at Harbor View, lies within the city limits as a crescent upon the shores of San Francisco bay, just inside the Golden Gate. No more picturesque location, nor one more appropriate to the celebration of a great maritime event, could be imagined. On the south, east and west it is encircled by towering hills with varying contours rising successively from 250 to 900 feet above sea level, like the enfolding walls of a vast amphitheater. Upon the north the site lies slightly above the sea and is encircled on three sides by gently sloping ground; within a short distance from the boundaries of the site these slopes change to steep hillsides and thus the center becomes the floor of a huge amphitheater from whose sides the exposition will be seen stretched out below. To the east and south the residence section encircles the exposition grounds, and to the west and southwest the site is embraced by the wooded slopes of the Presidio military reservation, dark with cypress and eucalyptus and interspersed with occasional vistas of green valleys.

All told the site comprises 625 acres; it is two and one-third miles in length with a maximum width of one-half mile. Its frontage upon the harbor will be approximately two miles and further from the bay it will extend another one-third mile. Fort Mason, a military post, occupying a corner upon the extreme east and along the bay.

Faces the Bay.
The exposition buildings built upon an east and west axis will face the bay upon the north; they will parallel the stream of the great incoming traffic of the world through the western gate of the United States. The harbor itself will be a part of the great theater upon which will be staged the world's jubilee and the Golden Gate will be the entrance to the theater.

A marvelous panorama will be afforded visitors on ships coming through the Golden Gate. As one looks from the harbor he will see three main groups of exposition buildings. There will be the great central group comprising the fourteen exposition palaces to be devoted to general exhibits; there will be the group upon the left hand and east devoted to amusement concessions and covering sixty-five acres; this will be the "midway." The right hand group upon the Presidio military reservation and nearest the Golden Gate will be devoted to the pavilions of the states and foreign governments.

The International Exposition. Conventions of the world will meet in 1915, with greatest breadth of 280 feet, the vast auditorium with a huge stage

SLOGAN IS "ONE FOR EVERY ONE"

Cheerful Cry Adopted in Rowan County in 1911.

JEANETTE BELL ORIGINATOR

Practiced What She Preached on Poor Girl Who Got Behind in Her Studies on Account of Practical Blindness. Work Has Not Stopped, Either.

Last winter, when the enthusiasm of the moonlight school campaign was at its height in Rowan county, Miss Jeanette Bell, an official stenographer, decided to adopt and carry out the slogan, "One for every one." She looked about her in Moorehead, the county seat, for some person who was out of school and could not read or write. In the hotel in which she was living she discovered a pupil, Cordie Wilson, who was working as a chambermaid.

CORDIE WILSON.

When asked about the work she had done for Cordie Wilson, Miss Bell smiled quietly and said: "It wasn't work at all. It was a pleasure, and a very real pleasure too. You see, Cordie was born in Elliott county, and when she was quite young she was almost blind. Of course she did not go to school with the other children, and when her eyes grew better she felt shy about going to school with children so much her junior. This was somewhat accentuated by the fact that she was one of those unfortunate overgrown girls that look almost twice their real age. Today, at fifteen, Cordie looks like seven or eight."

"At night when her work about the hotel was done she would come to me with her books and pencil and pad and work like a Turk. Naturally I expected it to take her some time to learn to write and read, but in six nights she could write her name easily and knew how to join all her letters into words. In this same time she had also learned to read well enough to cover the first twenty pages in her first reader. Soon after this she left the hotel and did not come to me any more."

Every vital human movement easily becomes both religious and contagious, and the moonlight school seems to prove the rule. Other counties and communities are taking up the work, and it is hoped that the whole state will realize the value of a school for out of school folks.

In 1911 Rowan county decided to strive to get a number of her schools to open their doors for adults who could not read or write. Grown people do not care for a primer or a first reader, so Rowan county launched a paper, THE ROWAN COUNTY SCHOOL MESSENGER, that the pupils might have a real live paper to read. The first column of the paper, dated Sept. 16, 1912, is as follows:

Can we win?
Win what?
Win the first night school prize.

Of course we can. Just watch us try. And watch us WIN!

We are winners, we are!

Watch us grow. Grow what?

Everything but weeds.

Our district shall win!

Our division must lead!

Let's all go to school. It is good for us. It will make us young again. It will make us more useful. It may start us on the road to greatness.

All night schools in Rowan county started on Monday evening, Sept. 16.

Each will try to have the largest number enrolled, the best attendance each night and the largest graduating class; also each will try to have the oldest pupil.

Rowan county has the finest building stone in the world.

Rowan county will grow the finest fruit in the world.

SCHOOL NOTES

Breezy Items of Our School by the Normal Instructor

Seven innings already played and the Normal Department still at the bat with two more to play, and what the score will be remains for the May examination count. In a work like we have here there are always some heavy hitters and some so light that they would hardly count for "fans" in the big leagues. We have some boys and girls who will make good in May as sure as fate, but some will have to change their present occupation from "brick pressing" to close attention to work if they expect to get anywhere in the race for a good grade in May. No boy or girl can reasonably expect to get something for nothing in school work, for there is one place where work alone counts and brings results worth being glad to get. As the days grow longer and the system is readjusting itself to resist heat instead of cold there is a natural tendency to give room for lazy feelings and to get slack in ones efforts to do the best that he can. But just then is the time that the boys and girls who expect to pass a creditable examination should "heave to" and do their best work, and get in line for systematic thinking so that when the real test comes they are ready for the thickest of the fight.

Many of our boys and girls are finding it necessary to leave school and go home to the farm, but those who remain in school can do a great deal of work during the next two months and we hope they may see the chance they have and try to use every minute.

Notwithstanding the lazy feelings that at this time of year come we must keep the goal in sight and work to win.

On last Friday afternoon the sixth and seventh grades challenged the eighth grade for another spelling match to win, if they could, the pennant they lost the Friday before in a similar match.

The eighth felt confident of the victory over the two lower grades, but at the end of the 4th inning the score stood 8 to 8, "in favor of the sixth and seventh," said Plennie Walsh, the score-keeper.

Then for another inning to untie the score both sides were very enthusiastic. The sixth and seventh scored 4 and the eighth 3, giving the pennant to the sixth and seventh on a score of 12 to 11. Prof. Nickell seems to be in favor of at least another match to untie the score. Hurrah for the grades! We are glad to see them so interested.

Splendid Entertainment.

The juvenile operetta, given by the Ladies' Aid Society of the Christian church, under the direction and management of Mrs. John B. Phipps on last Friday night at the college chapel, was a marked success and netted the Society \$28.60. The name of the operetta was "Snow White and the Seven Dwarfs." Misses Winalee Moore, Martha Oakley, Cleo Bays, Dewey Swango, Fern Cottle, Hazel Seitz, Archy Swango, Stella Blair and Mrs. Hattie Moore carried the feminine parts while the masculine roles were carried by Kelly Wheeler, Henry Seitz, Louis Phipps, Robert Phipps, Derward Franklin, Curtis Maxey, Cleveland Arnett, Oliver Arnett, Clay Phipps, Edgar Lykins and Stanley Swango. All of the parts were well sustained though most of them were minor parts. The leading role was Princess Snow White and Miss Winalee Moore looked the beautiful young princess in that character. Miss Kathleen Phipps was piano and rendered the various parts skillfully. It was one of the most delightful musical entertainments we have had here.

PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915

Copyright, 1913, by Panama-Pacific International Exposition.

THE night panoramic view of the Exposition shown above gives but a faint idea of the magnificent picture which will be presented. The wonderful electrical illumination that is planned will make not only the grounds and buildings of the Exposition as light as the bright California sunshine, but will include all the beauties of the bay and city. The progress of electrical lighting science makes possible a far more brilliant night effect than has ever been known before. In fact, scientific developments in all lines will be utilized to make the Panama-Pacific International Exposition fully one hundred per cent greater and grander than any other world exposition ever held.

Manslaughter Verdict.

The jury in the case of the Commonwealth of Kentucky vs. Alfred Gambill, charged with the murder of John Noble, which was transferred from Breathitt to this county, returned a verdict of guilty against the defendant, the finding being for voluntary manslaughter. The defendant is seventy-four years of age and seemingly very feeble. The case was submitted to the jury on Saturday afternoon, but they did not reach a verdict until Monday. Much interest was manifested in the trial, it being the second case that has been transferred from Breathitt to Morgan.

Resolutions of Respect.

Highland Lodge No. 311, F. & A. M.

West Liberty, Ky.
Whereas, The Grand Master of the Universe, in His infinite wisdom, has seen fit to call from labor to refreshment our worthy brother, Henry Clay Turner, who departed this life January 29, 1913, at his home in Lexington, Ky.,

Therefore, Be it Resolved:

I. That in his death Freemasonry has lost an able exponent, Highland Lodge No. 311 a faithful, consistent member, the country a useful citizen and his family an affectionate husband, father and guardian.

Notwithstanding the fact that Brother Turner had not been a resident of West Liberty for several years he still retained his membership in the lodge where he first saw Masonic light and it was his delight to meet and associate with the members of Highland Lodge whenever practicable, and although often importuned to sever his connection with this lodge and become actively affiliated with some lodge in the city of his residence he steadfastly refused to do so.

II. That a copy of these resolutions be spread at large upon the records of this lodge, a copy sent to the family of the deceased and a copy furnished to the LICKING VALLEY COURIER and Masonic Home Journal for publication.

H. G. COTTLE,
H. A. WELLS,
G. W. PHILLIPS, } Committee

Child Burned to Death.

A two year old child of Tom Byrd was burned to death near Bonny one day last week. It was playing with some other children in the garden when one of them set fire to the dry grass from which the little one's clothing caught fire.

Cloudburst.

Just before going to press the report reached this office that 5000 persons had been drowned Wednesday morning at Dayton, O., by a cloudburst on the Miami. The telephones were out of commission on account of the recent storm and particulars were not obtainable.

W. A. DUNCAN

CASHIER COMMERCIAL BANK.

The above is a good likeness of Mr. W. A. Duncan, Cashier of the Commercial Bank, of West Liberty. When Mr. Duncan came here a little more than three years ago he found the bank with deposits of about \$30,000. To-day the deposits are around the \$85,000 mark and are steadily growing. Under his fine-business management the Commercial Bank has become one of the strongest and safest institutions of its kind in the mountains.

Sam Roberts Dead.

Samuel J. Roberts, editor of the Lexington Leader and one of the best known newspaper men in Kentucky, died Sunday at his home in Lexington from blood-poisoning following an operation for ingrowing nail.

Mr. Roberts was a prominent republican politician and was for twelve years Collector of Internal Revenue for the 7th district.

Disastrous Storm.

A severe wind, rain and snow storm swept over the central west Saturday, causing great property loss and killing many people. Reports from Colorado, Nebraska, Iowa, Kansas, Missouri, and as far east as Indiana, are to the effect that the property loss is almost incalculable, while the loss of life can not be accurately determined.

Postmaster General Burleson is expected to present to the President a plan designed to harmonize democratic factions in the distribution of patronage by asking for revocation of former President Taft's classified order affecting 35,000 postmasters, or by asking that these republican officials be subjected to the merit test along with all democratic applicants.

YOUNG MEN

Come in and get the "Harley" and Glasgow Arrow collar from us. The same collar you will buy in the city. We handle the "Arrow Shirts" and are sole agents. Our stock is complete. Why buy a substitute?
C. W. WOMACK.

Local and Personal.

Fresh fruits and fine candies at Lykins'.
Dr. Jerome Gullett, of Wrigley, was here on business Monday.

Go to Keeton's for candies. All fresh direct from factory.

M. J. Long, of Elkatawa, was here last week attending court.

D. R. Keeton has fresh fruit to come in the last of every week.

John Howard, of Salsersville, was here on business the first of the week.

Mr. and Mrs. E. T. Cermell, of Ohio, are visiting relatives in town this week.

Ned Janninney, one of our Cannel City folk, made us a business visit last week.

Dr. W. G. Carter's condition is reported as practically unchanged the past week.

Morton Cisco made a business trip to Lexington last week, returning Thursday.

For high grade chocolate candy with real crushed fruit flavor go to D. R. Keeton.

I. P. Haney, progressive merchant of Nickell, transacted business at this office Thursday.

The Mitchell represents the acme of perfection in wagon construction. For sale by C. W. WOMACK.

Guy Snyder, of Morehead, superintendent of the Lee Coal Co., was in the city on first of the week.

E. F. Cecil, of Hazel Green, was here this week in the interest of his candidacy for Representative.

Dr. J. T. Nickell, of Cannel City, was in town last week and gave us a nice order for office stationery.

S. C. Brown, of Wrigley, came in to see us one day last week and renewed his subscription to the Courier.

W. C. Lacy is at Pittsburg, Pa., this week on business. Lacy is largely interested in oil stocks in this county and his friends are hoping that he will make good.

W. French May, of Henry, candidate for assessor, called in to pay his respects to the Courier crew while in town Saturday. He is preparing to make an aggressive campaign. Watch the Courier for his advertising matter later on.

Hon. Finley E. Fogg, of Paintsville, but who, in our opinion, would rather call West Liberty his home than any other spot in Eastern Kentucky, is here this week attending to his law practice and mingling with old associates and friends.

Children are much more likely to contract the contagious diseases when they have colds. Whooping cough, diphtheria, scarlet fever and consumption, are diseases that are often contracted when the child has a cold. That is why all medical authorities say beware of colds. For you will find nothing better than Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by all dealers.

Friday Night!

Hot lunches on short order at Lykins'.

LICKING VALLEY COURIER.
Issued Thursday by
The Morgan County Publishing Co.
Terms—One Dollar a year in advance.
All communications should be addressed to the Editor.
Entered as second class matter April 7, 1910, at the post-office at West Liberty, Ky., under the Act of March 3, 1879.
H. G. COTTE, Editor.

It becomes more apparent with each passing day that Wilson and not someone else is going to be president.

Nature is doing her best toward improving the roads in Morgan county, now let the officers whose duty it is to see after the roads get busy.

It's a safe bet that money and whisky don't figure as largely in the coming primary election as it has in times past. Why? Because public sentiment is becoming aroused against dishonest political methods and corrupt elections, and public sentiment is the supreme law.

The attention of the county school authorities is called to the fact that the election of trustees in the sub-districts must be by printed ballot. Heretofore the trustees have been elected viva voce, which is contrary to law. We drop this hint in advance so that the election may be legal.

A monkey can't be converted into a man while you wait. This interesting process cannot be accomplished by a simple twist of the wrist or by the exercise of the conjurer's magic. It takes time to make the transformation complete. So don't get out of patience with those in whom the process seems to be working slowly.

It might be pertinent to remark just at this time that we have not given up the fight for the publication of the finances of West Liberty. Several weeks ago we had a promise by some members of the board that the statement would be published. No time was fixed for the publication, however, and it has not been done. But don't get the idea that we have forgotten or let the matter drop. We have only been giving you a little rest and time to think the matter over.

Have you been thinking? Considerable space is given in this issue to the Panama-Pacific International Exposition from the fact that the Panama Canal is almost completed, and this exposition promises to eclipse all former ones. Next week we begin the publication of a course of home study in scientific agriculture which will run eighteen weeks. The rural school improvement feature will still continue. "Citizen" will contribute another of his letters on county officers, and other interesting matter will be printed. We are sparing no effort to keep the COURIER the "best newspaper in the mountains."

GAME WARDEN TALKS.

In an interview last week with John M. Perry, Fish and Game Warden, we were told that a close watch will be kept on all localities where it is suspected that the law has been previously violated, and that all persons who have heretofore been suspected of violating the law will be kept under strict surveillance, and that no favors will be shown any man or set of men when they are apprehended.

Right you are, John! The good people are with you; all true sportsmen are on your side and the columns of the COURIER are at your command whenever you wish to speak.

WASHINGTON NEWS LETTER.

President Wilson, contrary to the custom of his predecessors, begins his days work at nine in the morning. He devotes himself to his desk until eleven, and then begins to receive callers and official visitors. His new rule of referring office seekers to the

(Continued from first page)

heads of departments is not agreeable to the eager applicants. But Congressmen and Senators are not included in the rule. He would be a sturdy President indeed who could prevent Congressmen telling him of the supposed merits of candidates from their respective districts, or refuse to listen to Senators whose advice and consent to all his appointments is required by the Constitution.

In Congress, and out, it is a foregone conclusion that the tariff will be revised downward, and industries must adjust themselves to lower duties. The great fight of the special session will be over selecting the articles to be reduced and the amount of reduction. The demand for currency reform also looms large. Mr. Wilson may find it hard to restrict Congress to consideration of the tariff alone.

There is no evidence of the oft-predicted panic following complete democratic control. Conditions are in striking contrast to those at the beginning of Cleveland's second term. The treasury was then depleted of gold, while now its gold reserve is pre-eminent among the treasuries of the world. Should the government need money, for extraordinary emergency, Secretary McAdoo has abundant resources in the Panama Canal bonds which he may offer for sale. But, if intimations received are correct, the banking and currency committee of the new Congress is likely to make a report demonstrating the urgency of action, and if it appears that the new tariff will result in the loss of revenue, the demand for currency legislation may become too insistent to be ignored at the special session.

Appointments already made by the President have given offense in high quarters. A howl has gone up over what seems a policy of retaining republicans in office, and those lukewarm democrats who served under the republicans. The reappointment of Charles B. Neil, who was originally appointed by Taft, aroused the ire of the South Carolina Senators, who claim that Mr. Neil made an inaccurate report on southern conditions.

The most beautiful, as well as democratic, set of girls that Washington has known, for at least three administrations, is the one composed of the daughters of cabinet officers who last week assumed a leading position in Washington society. But these young ladies are not exclusively "society" girls, as each of them devotes at least a considerable part of her time to art, music, literature or social settlement work. It is said that Miss Mona McAdoo, daughter of the Secretary of the Treasury, is one of the prettiest girls in the new cabinet circle.

We are authorized to announce S. D. GOODWIN, of Ezel, as a candidate for Assessor of Morgan county, subject to the action of the Democratic primary.

Many sufferers from rheumatism have been surprised and delighted with the prompt relief afforded by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires any internal treatment whatever. This liniment is for sale by all dealers.

Elderly people use Dr. Miles' Laxative Tablets because they are mild.

The exposition site at Harbor View, with its towering amphitheatres of hills and vast distances, called for huge effects. The grouping of the fourteen great exhibit palaces will present this result. From afar the central group, facing for almost a mile upon San Francisco harbor, will seem as one colossal structure, a great Oriental city, with walls as high as the average six-story city block and with golden domes, towers and tower gateways rising to heights of 150, 270 and 400 feet. Nearer at hand it will be found that great inner courts lie between the buildings. Eight of the fourteen buildings in the main group will be joined in a rectangle to form almost a huge Oriental bazaar—a veritable walled city with its domes, towers, minarets and great interior courts.

In general the buildings of the central group are to be brought into contact with those next adjoining by arcades, courts and archways. Through this method of treatment four of the general exhibit palaces of the main group, fronting north upon San Francisco bay but set back at a distance from the water's edge, will present a single architectural design. Their walls and the adjoining arches will form the main northern facade of the exposition along the shores of the harbor, a marvelous frontage that will be first seen by visitors who reach the exposition city by water and enter San Francisco bay through the Golden Gate. By day the glittering pillars and minarets of this mile long facade will be seen as a dream city, while by night they will reflect the sheen of a million lights into the waters of the bay.

A Great Esplanade. Before the facade and along the harbor's edge for more than a mile there will be built a great esplanade, a vast stretch of ground and terraces in which fountains will play and groups of statuary be set at intervals. Brilliant flowers and hardy flowering

plants will be planted in the center of the court, and at night this will be a huge tower 270 feet in height in which will be a great organ in smaller towers of the court. The Festive Court will be a court of music, of acting, and symphonic dancing. Here will assemble many of the great pagodas of Oriental nations that will take part during the exposition; here too will come many of the processions from the more serious phases of the exposition.

Copyright, 1913, by Panama-Pacific International Exposition. A huge tower in the Festive or East Court. At night the East Court, with its pavements of gold, its great banks of flowers, and its lofty palms, will be flooded with light. Musical masterpieces of the world will be rendered by the chimes in the towers. Great saengerfeists and choral festivals will assemble upon the floors of the court. In the Festive Court, the visitor will behold a vision surpassing the richest dreams of Oriental or Moorish architecture. The floors of this court will be in tessellated pavements of gold. In the center of the court will be great groups of sculpture with fauns, dancing nymphs and satyrs. There will be great fountains upon which magic lights will play at night and at night this mystic court, as all others, will be flooded by a glow of indirect light which will resemble a bright moonlight. At the south end of the court will be a huge tower 270 feet in height in which will be a great organ in smaller towers of the court. The Festive Court will be a court of music, of acting, and symphonic dancing. Here will assemble many of the great pagodas of Oriental nations that will take part during the exposition; here too will come many of the processions from the more serious phases of the exposition.

the various tones. Mr. Guerin gives the following word picture of his color plan for the exposition: "Imagine a gigantic Persian rug of soft, melting tones, with brilliant splashes here and there, spread down for a mile or more, and you may get some idea of what the Panama-Pacific exposition will look like if viewed from a distance, say from the Sausalito Heights, across the Golden Gate. For San Francisco's is to be unique among the expositions of the world in that it will be a 'City of Color.' Not that color is the chief feature of the exposition, for its architectural features are equally remarkable. This color plan, that of making the group of buildings a veritable blaze of glory and at the same time avoiding the garish or barbaric, is the great new salient feature of the exposition."

The Court of the Sun and Stars will be 750 feet in width from east to west and 900 feet along its main axis. At the south end of the court will arise the huge tower of the Administration building, 400 feet in height, and dominating the architecture of the exposition. The upper part of the tower will take the form of terraces leading up to a group of figures surrounding a globe typifying the world; the tower will be lined with jewels which will glitter like diamonds when searchlights are turned upon them. At the base of the tower, which will occupy an acre in extent, will be a huge arcade 125 feet high, beneath which the visitor may enter into the Court of Sun and Stars from the main exposition entrance.

In the vaulted archways of the tower will be arranged a series of mural paintings designed by Jules Guerin and expressing the keynote of the exposition color scheme. But perhaps the most impressive feature of the Court of Sun and Stars will be found in a classic colonnade extending entirely around the court and

Whole Family Benefited By Wonderful Remedy
There are many little things that annoy us, under present conditions of life. The hurry, hard work, noise and strain all tell on us and tend to provoke nervousness and irritability. We are frequently so worn out we can neither eat, sleep nor work with any comfort. We are out of line with ourselves and others as well.
A good thing to do under such circumstances is to take something like

Dr. Miles' Anti-Pain Pills
to relieve the strain on the nerves. Mrs. J. B. Hartsfield, 33 Corput St., Atlanta Ga., writes:
"I have on several occasions been vastly relieved by the use of your medicine, especially the Anti-Pain Pills, which I keep constantly on hand for the use of myself, husband and two sons. Nothing in the world equals them as a headache remedy. Often I am enabled by the use of one or two of the Pills to continue my household work when otherwise I would be in bed. My husband joins me in my praise of the Anti-Pain Pills and Nerve."

Dr. Miles' Anti-Pain Pills
are relied upon to relieve pain, nervousness and irritability in thousands of households. Of proven merit after twenty years' use, you can have no reason for being longer without them.
At all Druggists, 25 doses 25 cents.

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

THE FORD'S

BLACK-DRAUGHT

Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not irritate other medicines. It is better than others, or it would not be the favorite liver powder, with a large sale than all others combined.

SOLD IN TOWN

Kodak

(Continued from 2nd page)

Three great courts will divide the main group of exposition buildings from north to south. Their theme will suggest the meeting of the east and west at Panama. One of the huge courts, that on the east, will suggest the Orient, rich in Oriental splendors; another on the west, will suggest the Occident, its theme exemplifying the wealth which nature has conferred upon the season who has ever pushed to the west.

Between these two courts will be the greatest of all the courts, the superb Court of the Sun and Stars, its theme upon a magnificent scale symbolizing the union of the east and west at Panama. This court will stand out among the most brilliant architectural expressions of America and Europe. It will be distinguished by the majestic scale of its architecture; by the splendor of its conception, and by its life, color, and spirit of joyousness. The color plan of this court, as indeed of all the great courts, is designed by Jules Guerin, undoubtedly the foremost decorative artist in America.

Beautiful Color Effects.

In the courts marvelous blendings of colors will be attained. Euphonia red, strong Italian blues, vermillion and orange will predominate. The roofs of the exhibit palaces will be covered with Spanish tile, a reddish pink. But from afar the sighter will gain the effect of the blending of screening the walls of the surrounding exhibition palaces. The columns will be sixty feet in height; surrounding the colonnade will be a series of 110 figures symbolizing the stars. Each figure will support a huge artificial jewel four feet in diameter. At night these jewels will glitter with dazzling lights; by day their radiance will be obscured.

In the center of the court will be a great sunken garden with benches to seat about 7,000 people, surrounding the garden. In the garden will be groupings of classic statuary, dancing figures, fountains, statues and nymphs; flowers, trees and vines will contrast with the statuary and with the superb colonnades and the towering golden domes.

To the east as one passes from the Court of Sun and Stars to the great east or Festive Court will be a huge triumphal arch 90 feet in height and surmounted by a colossal grouping of statuary. Camels, elephants and Oriental warriors will crown the summit of the great arch. To the east on the approach of the Court of Four Seasons will be a triumphal arch of similar size surmounted by a group representing western civilization. A huge prairie schooner will comprise the central motif of the group.

As the visitor in 1915 passes beneath either of the huge triumphal arches to the east or Festive Court, or to the west court, the Court of Four Seasons, he will traverse great avenues between the exhibit palaces whose sides will be adorned with mural decorations and screened by classic colonnades. Huge pools of water will reflect the outlines of the lofty buildings. The walkways will be in pavements of gold. Great banks of flowers and potted palms will lend color and imagery to the vista.

If this visitor passes to the east or Festive Court he will behold a vision surpassing the richest dreams of the Orient. The Festive Court is dedicated to music, dancing and acting; it is designed for pageantry surpassing the luxurious Durbar and will constitute the proper setting for Oriental or modern drama upon a colossal scale. Here will assemble many of the fascinating pageants that will come from the concessions center to draw visitors to the amusement features of the exposition. The architecture of this great court will partake of the Oriental phase of the Spanish-Moorish architecture and yet it will have that refinement which is characteristic of the architecture of the Spanish Renaissance. The main tower of the court will contain a huge pipe organ with echo organs in the smaller towers. Electric chandeliers will play upon fountains at night; reflected colored lights will cast a spell throughout the court. The walls of the cloister will be decorated with mural paintings; exotic flowers, trees and vines, orange trees in fruit and in blossom, will contrast with the statuary and the huge colonnades and staircases.

Court of Four Seasons.
From the Court of Sun and Stars the visitor in passing to the west will come to the superb Court of Four Seasons, of which Mr. Henry Bacon, creator of the Lincoln Memorial, is the architect. In its theme this court will typify the conquest of nature by mankind. In the center of the court will be a great grouping of statuary in which Ceres, Goddess of Agriculture, will be shown dispensing the bounties of nature. In each of the four corners of this court will be cut great niches into the encircling exhibit palaces. In each of the four niches will be four great mural paintings suggesting the seasons, spring, summer, autumn and winter; lofty colonnades will screen the niches.

The ornamentation upon the water front will be upon a colossal scale. The Court of the Four Seasons, opening upon the harbor, will be entered through a stupendous gateway, the Gate of Columbus. The visitor will pass through the gateway beneath a great tower to the esplanade upon San Francisco bay. Directly before the tower will be seen a colossal figure of Columbus, facing the water. Ornamenting the tower in recesses will be figures representing the great voyagers of the world.

Before the entrance to the grand Court of Sun and Stars upon the bay will be a colossal column whose spiral "twisted" man's climb toward the summit of the column representing achievement left and before the column will be the sons which will be the discoverer of

south. Vast beds of flowers in bloom will be set in the south garden; the plants will be replaced by others when their flowering season is passed.

The fourteen great buildings to be constructed by the exposition company, and to be devoted to general exhibits exemplifying the advance of the world in the arts, sciences and industries, will be the loftiest exposition structures ever erected. In addition there will be the huge series of palaces and pavilions to be erected by the states and foreign nations.

To the east of the center group will be Machinery Hall, the largest single structure of the exposition. Just south of Machinery Hall is Automobile Hall. In the south garden at the east end and near the concessions center will be located Festival Hall, and near the west end the Palace of Horticulture, a huge structure of wood and glass. Flanking the great rectangle on the west will be the Palace of Fine Arts, a classic and beautiful structure embodying the spirit of Italian Renaissance and facing upon a great pool from which its outlines will be reflected.

The following are the approximate dimensions of the buildings: Machinery Hall, 367x967.8, and annexes; Mines and Metallurgy, 574x451; Vast Industries, 414x346, and annexes; Manufactures, 552x470; Transportation, 614x574.6; Liberal Arts, 585x470; Agriculture, large wing, 630x674.6, smaller wing, 423x579.6; Education, 324x352; Automobile Hall, 272x752; Festival Hall, 380x200 (great east 280); Horticulture, 630x295; Fine Arts (outside line), 140 feet.

Magnificent Illuminations.
Throughout the entire exposition the illumination will be such as to bring out the colors of the courts in their proper tones, to sharpen and intensify the color effects. The illumination of the colonnades will be accomplished through purple lights; the windows of the exhibition palaces will diffuse a golden ray. Giant batteries of colored searchlights will be anchored in the harbor before the site and will play against huge jets of steam and smoke that will be liberated high in the heavens. Searchlights 500 or 600 yards out in the water and before the main axis of the exposition will direct batteries of light over the exhibition palaces, going through more than three hundred evolutions in colors.

Of the three main groups the one on the east will be comprised in the concessions or amusement center, which will occupy sixty-five acres, and will be the first of all parts of the exposition to be reached by those who come from the downtown portion of San Francisco. Its entrance will be by way of a great plaza at which the concessions district will open upon Van Ness avenue. Through the concessions area will run a broad avenue which will mark an irregular course east and west, but will describe many right angles. At each turn as you pass along the street of concessions you will find some imposing concessions structure. Every corner will be marked by a great building. The street of concessions will be more than a mile in length. The domes of the buildings will be illuminated at night and startling electrical effects will contribute to the night life of the exposition at the amusement center.

The western group will include the area occupied by the pavilions of the foreign nations, by the building to be erected by the United States government and by the states' buildings. The pavilions of the foreign nations, further from the bay, will rise tier upon tier in terraces as they advance up the gradual slope of the Presidio military reservation. Nearer at hand and closer to the water will be the buildings of the various states. Each structure in this part of the exposition grounds will be surrounded by ample lawns adorned with shrubs and flowers. In its entirety the western wing will present upon a magnified scale the effect of a superb residence district.

Great Drill Grounds.
Still further to the west of the states and foreign district will be a great drill grounds, capable of accommodating at one time ten thousand troops in drill. Foreign nations will send their crack cavalry and infantry to participate in the maneuvers and trials of skill.

Encircling the drill grounds will be a race track where international speed and harness races will be held. One racing association alone has guaranteed a purse of \$25,000 for a two-year-old trotting race.

Marking the extreme western limit of the exposition structures will be the stock pavilions and the buildings devoted to live stock, poultry, domestic pets and other displays. The government life saving service display will also be located here.

Applications for exhibit space have been received from all parts of the world. More than eight hundred leading exhibitors have applied for extensive space in the great exhibit halls and many of the exhibits range in value from \$200,000 to \$300,000. The number of applications for concessions is unprecedented at so advanced a pre-exposition period. Director of Concessions Hunt has received more than two thousand applications for concessions, many of which will be exceedingly original and striking. Appropriately enough, among the concessions will be a \$250,000 replica of the Panama canal. It will take twenty minutes to make the trip. Another will depict the roaring days of forty-nine; the visitor in 1915 will be met at the ferry building by a stage coach typical of the gold days. The Santa Fe will expend \$250,000 on a panorama of the Grand Canyon.

STRAW VOTE

Who is Your Choice for the Various County Offices?

Believing that the COURIER subscription list contains most of the representative, thoughtful and progressive citizens of Morgan county, and further believing that the weight of their opinion will have much to do in determining who will be the nominees of the primary of next August, the COURIER has decided to conduct a "Straw Election" to obtain the consensus of opinion of our subscribers as to whom should be nominated.

The COURIER has no choice between the aspirants for county nominations. It will be absolutely neutral in these races, treating each with absolute fairness. But in common with all good citizens it hopes that the best men will be selected for all the offices.

RULES OF VOTING.

1. The "Straw Election" will be completed July 5, 1913, at which time all the ballots will be counted, and the result published the following week.
2. Any paid-in-advance yearly subscriber, residing in Morgan county, may cast one ballot for each of the offices to be contended for at the next August primary.
3. Only one vote will be allowed to each subscriber for each yearly subscription, and no ballot will be counted unless signed by the subscriber; but the signature will be detached by us before putting in the ballot box, and in no event will the name of the person voting or for whom he voted be divulged. It is strictly a secret ballot.
4. Only subscribers living in Morgan county may vote but the paper may be sent to any person anywhere.
5. Ballots may be sent in at any time, and as soon as a sufficient number have been received the status of the vote will be published and each week thereafter the number of votes cast for each candidate will be published.

Ballot to be used by yearly subscribers already paid.

1913.

Editor COURIER,
West Liberty, Ky.
Being a paid-in-advance yearly subscriber to the Courier I desire to vote in your "Straw Election. I cast my ballot as follows:

For State Senator.....
For Representative.....
For County Judge.....
For County Attorney.....
For County Clerk.....
For School Supt.....
For Sheriff.....
For Jailer.....
For Assessor.....
For Surveyor.....
For Coroner.....

Signed.....

Ballot to be used by new subscribers and renewals.

1913.

Editor COURIER,
West Liberty, Ky.
Find inclosed \$1.00 for subscription (or renewal of subscription) to the Courier for one year, and send the paper to me at....., and I vote for:

For State Senator.....
For Representative.....
For County Judge.....
For County Attorney.....
For County Clerk.....
For School Supt.....
For Sheriff.....
For Jailer.....
For Assessor.....
For Surveyor.....
For Coroner.....

Signed.....

Just write the names of the men you favor after the name of the office printed on the above ballot and send it to us.

Address all communications to

THE COURIER,
West Liberty, Ky.

CORRESPONDENCE

GRASSY CREEK

Willie Carter and family, of Portsmouth, Ohio, are visiting friends and relatives on Grassy Creek this week.

Dr. W. L. Gevedon took W. M. Linkous and Kelly Ferguson to the hospital at Lexington for the purpose having an operation performed. The operation was successfully performed on Ferguson, but the time for Linkous' operation was indefinitely postponed.

S. J. Music and wife, of Lower Grassy, attended church at Grassy Lick Saturday and Sunday and visited their son Leonard. Don't hesitate to vote for the kind of a man for county attorney that "Citizen" described in last week's Courier. We have em, let's vote for em. Don't vote for a man unless he fills the bill. First inquire after a man's qualifications before you vote for him, and then smell of him, and if his breath is perfumed with the Devil's gin drop him like a hot potato, for he is not the stuff we are looking after. If we vote for men that are not qualified and don't understand how to conduct the finances of the county, and our taxes continue at the present rate, and our indebtedness increases as it has heretofore, we will only be getting our just dues. Let's all take warning in time.

We are sorry to note the death of aunt Nancy Williams who died on the 17th inst. and was laid to rest on the 19th in the Grassy Lick cemetery. She was 82 years of age.

Subscribe for the Courier and get all the news.

EZEL,

W. G. Franklin, of West Liberty, was calling on our merchants last week. Misses Sarah and Kate Wells, of Wellington, were the guests of their sister, Mrs. Hettie Motley, last week.

Dr. Asa Nickell's condition continues the same.

Mr. and Mrs. S. D. Goodwin spent Saturday night and Sunday with their daughter, Mrs. Ollie Goad.

Sunday School is progressing nicely at this place.

Dick Sexton and family started Sunday to Middletown, Ohio, to reside.

A box supper will be given at this place Saturday, March 29. Everybody invited.

Miss Lexie Carr was a pleasant guest of her cousin, Emma Murphy, Sunday.

Mrs. Mary B. Dennis, of Grassy, was on the sick list last week, but is reported some better now.

Billie Cecil and wife, of Grassy Creek, were here on business Saturday and took dinner with S. D. Goodwin and wife.

Misses Cora Murphy, Nannie Salyers, Bulah McGuire and Anna Sample were pleasantly entertained at the home of Miss

Nannie Motley Saturday night and Sunday and all report a lovely time.

A social was given at the home of J. W. Davis Thursday night. Present were Misses Fern Nickell, Emma Murphy, Sarah and Kate Wells, Mattie Havens, Lexie Carr, Bulah McGuire, Mat Davis, Anna Sample, Nannie Salyers and Carrie Pierce; Messrs. Roy Davis, Lloyd Anderson, Ren Montgomery, Revis and Otto Carr, Steve Dennis, Levi Ward, Leonard Murphy, Hubert Hale and Clarence Murphy.

BLUE EYES.

THE LARGEST MAGAZINE IN THE WORLD Today's Magazine is the largest and best edited magazine published at 50c per year. Five cents per copy at all newsdealers. Every body who appreciates a good magazine should send for a free sample copy and premium catalog. Address, TODAY'S MAGAZINE, Canton, Ohio.

No matter how hard your head aches, Dr. Miller's Anti-Pain Pills will help you.

You judge a man not by what he promises to do, but by what he has done. That is the only true test. Chamberlain's Cough Remedy judged by this standard has no superior. People everywhere speak of it in the highest terms of praise. For sale by all dealers.

Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

THE DRAUGHT
BLACK-DRAUGHT
Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not irritate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.

SOLD IN TOWN F2

PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915.

Copyright, 1915, by Panama-Pacific International Exposition.

DESIGN of the Motor Building at the Panama-Pacific International Exposition. This structure will be one of the largest of the exposition palaces, approximately 275 feet front by 800 feet deep, covering about 210,000 square feet, or more than five acres. The dome, which surmounts the center of the front portion of the building, is 130 feet high and surmounted with a turret composed of the paws of modern motor boats, each carrying a searchlight. This point will be used by Mr. Ryan, the chief of illumination of the exposition, for the purpose of lighting up the grounds and adjacent buildings. Other groups at the base of the building will convey, allegorically, the uses of electricity, gas and other mechanical devices which compose the will house. Its modernity is in harmony with the nature of the exhibits which it will house, and its triumphal character is emblematic of that triumph of modern transportation, the automobile. The groups of statuary surmounting the attic will be allegorically carried out to typify the triumph of the motor over the elements. The main group in front will be a sort of quadriga of automobiles typifying the conquest over the land. On the sides will be allegories of the motor boat and the aeroplane, respectively, typifying the victory over the sea and air. On either side of the entire length of the building there will be a frieze 10 feet high in bas relief, giving the history of transportation from the early log cart up to the most modern development of the automobile.

PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915.

Copyright, 1915, by Panama-Pacific International Exposition.

ONE of the minor courts that will open out from the great exposition city upon a vast tropical garden upon the south. This court, a marvel of tropical transplanting, is south of the Court of Four Seasons. It is designed by Mr. George W. Kelham. The Panama-Pacific International Exposition will stand alone not only in its architectural treatment but in its setting at Harbor View, the exposition site, in the adornment of its huge interior courts and of its grounds, with hundreds of thousands of palms, flowers and rare shrubs and vines, and in the superb color plan created by Jules Guerin, world famous colorist. The theme of the exposition, the sculpture, and mural paintings will exalt the spirit of achievement through which America has completed the Panama canal. The theme of the great interior courts will suggest the meeting of the East and West.

LOOKING toward the hills of Marin county through the entrance of the great Court of Sun and Stars upon the harbor. In the center is seen a colossal column whose spiral represents man's climb towards fame. At the summit of the column the huge symbolical figure is designed to convey the spirit of success.

ESTIVAL HALL, where the conventions of the world will meet in 1915. The building will be 380x200 feet, with greatest breadth of 250 feet, the latter being taken up by the wings. A vast auditorium with a huge stage will be a feature of the structure.

Sheriff's Sale.

By virtue of an execution No. 433, which issued from the office of the Clerk of the Morgan Circuit Court on the 25th day of January, 1913, in favor of the Morgan County National Bank, plaintiff, against Joe. G. Elam, T. M. Elam and Effie Kilgore, defendants, for the sum of One Hundred and Sixty-five Dollars (\$165.00), and \$21.60 costs, I, or one of my deputies, will on

MONDAY, APRIL 14, 1913, (that being the first day of a county court) at 1 o'clock p. m., or thereabout, at the front door of the court house in West Liberty, Ky., offer for sale at public outcry, to the highest and best bidder, the following described tract or parcel of land, or sufficient there to satisfy the plaintiff's debt, interest and cost herein.

The land is bounded and described as follows, to-wit:

Lying and being in Morgan county, Ky., on the waters of Spaw's creek, a tributary of Licking River, and bounded on the north by the lands of Oscar Johnson, on the east by the lands of Oscar Johnson and Scott Johnson, on the south by the lands of Watt Cox, Jas. R. Day and W. P. Elam, and on the west by the lands of W. P. Elam and Maud Carter.

Said land will be sold on a credit of six months, purchaser to give bond with good and approved personal security, bearing 6 per cent interest from date and having the force and effect of a replevin bond.

H. B. BROWN, S. M. C.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative power that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Take Hall's family pills for constipation.

West Liberty, Ky.

AT THE Big Store

We have received the biggest stock of goods ever offered to the public in West Liberty.

This means goods of the very latest styles and patterns, of every kind and quality, and should you visit the great department stores of the cities you will not find more up-to-date goods than we have to offer.

We are sole agents for the celebrated

SELBY SHOES

for Ladies, and have a full and complete line now on hand. Our line of Selby Oxfords, of all leathers and kinds, will be in this week, and our prices will be the lowest. Don't take chances—you want the correct footwear—so buy from us.

Our Reputation for handlers of reputable goods in your midst for the past 15 years is your guarantee that you will not be deceived.

Trade with the old reliable merchant of West Liberty and you will make no mistake.

We are the only merchant who visits the markets and brings to you the very latest styles. The goods we offer you can not be purchased by catalogue. They must be seen. The people of West Liberty appreciate this fact.

We want to serve you with the best and will appreciate your trade.

C. W. Womack.

At the New Store

We have a nice clean stock of

General Merchandise

consisting of most everything to be found in a first-class store. In our stock will be found a nice line of up-to-date SHOES for men, women and children—all sizes, kinds and colors. Our new line of fashionable HATS for ladies is on display and at such low prices no one can pass them by. Remember we have a new line of CALICOES coming in, and at the same old price of 5 Cents per yard. We have all kinds of Underwear for everybody, ask to see what we have. We are always glad to show our goods and make prices to all, because we feel that the quality of goods and the prices will sell them. Our aim has always been to make Quick Sales, and to do so want to Divide Profits with our customers. What about our

Granulated Sugar at 6 1-2c per lb?

We thank the people in and around West Liberty for the nice trade they have given us during the short time we have been in business, and trust that they will see it to their interest to continue the same.

Send your children to our store to trade; they will receive protection and the the same treatment as grown people.

Respectfully yours,

T. B. Sturdivent & Son.
